

“My Selfie is a safe Selfie ”

- ❖ "Let this selfie not be your last selfie"
- ❖ "Before taking a selfie, everyone should think about the fact that racing after a high number of 'likes' could lead him on a journey to death and his last extreme photo could turn out to be posthumous,"
- ❖ Selfie at tourist spots may not change your life may surely be the reason of major casualties.
- ❖ A safe selfie is worth more than a selfie visited.
- ❖ They're Dumb, I'm Not
- ❖ A beautiful scenery makes poor compensation for a life.
- ❖ The verdance is inviting, the urge to selfie is welcome, but the “selfie” which takes away oneself is uninviting.
